

1-3 DAY SPECIALIST HOUSEKEEPING COURSE INFORMATION

JOHN PETTMAN MANAGING DIRECTOR

The Exclusive Butler School (EBS) was founded by John Pettman who started his career at Buckingham Palace followed by the British Embassy in Paris. John has also worked at many prestigious households and managed multiple properties and staff worldwide for high profile families.

John's vision was to provide the very best training to our future Butlers, as well as improving the skills of those currently working in the hospitality industry. Working alongside two of our Butler Trainers, who are also ex-Royal Butlers, a program was produced tailored to creating the Ultimate Private House Butler by providing true British Butler Training.

INTRODUCTION

The Exclusive Butler School Trainers have the availability to travel worldwide and deliver specially tailored training programmes wherever necessary. Our Trainers have experience working abroad and all maintain a traditional British Butler style which can bring an element of sophistication to the delivery of your service.

The Exclusive Butler School will always go out of their way to deliver a training program to suit your required needs. Should it be needed, we offer a consultation session in order to ascertain your needs, or areas of service that may need improvement, to ensure your staff receive the best possible training program. The mix of experience our Butler Trainers possess means that no matter where you are or what you need, you will receive a program to your satisfaction.

Once a Training Module has been delivered, we can produce a manual/report to be used as a reference guide.

We have both male and female Butler Trainers available depending on your needs.

Our courses are taught in English but should you wish your course to be delivered in another language, our Trainers are happy to work alongside an Interpreter
